# SUSTAINABLE LOGISTICS **LIVE**<sup>TM</sup>

London, UK | 24<sup>TH</sup> September | The Royal Geographical Society

SESSION 1  
10.00 - 12.00

# From Insight to Action: Climate Ready Supply Chains Start Here

10:00 Welcome by Kelly Hobson, SLL Host & Director, Shape Tomorrow

## Keynote Speakers

10:10

**Sustainability = Commercial Advantage**  
Linking environmental responsibility to profitability, how can sustainability drive stakeholder trust and loyalty while presenting commercial opportunities.

**Simon King**  
Senior Partner, edenseven

## Panel

10:25

**Envisioning Net Zero Logistics through Emissions Accounting and Intelligence**  
Accurate, detailed, and timely emissions accounting equips decision-makers, such as fleet managers and logistics procurement professionals, with the actionable insights needed to drive effective measures to reduce the environmental impact of logistics operations. This session introduces the ISO 14083 standard, which provides guidelines for quantifying and reporting greenhouse gas emissions in transport chains, supporting both yours and the sector’s collective decarbonisation goals.

**Panellists:** Tharsis Teoh, Senior Technical Manager, SFC, Thomas Smith, Head of Cargo Solutions, OceanScore, Mark Kerwin, UK Country Director , Ligentia, Conrad Caine, Founder, Machines Like Me  
**Moderator:** Kelly Hobson, MD Shape Tomorrow

11:00 Q&A with all Lightning Talk Speakers

## Keynote Speaker

11:10

**Creating Resilience & Profitability**  
Future proofing logistics amid global disruption through adaptive operations.

**John Trenchard**  
Vice President Europe, DP World

## Pitch for Impact

11:30

**Clean Fuel, Clear Results: Reducing Contamination in Logistics**

**May Lytle**  
CEO, Fuel Active

11:45

**Clean Engines for a Greener Fleet**

**Ben Kattenhorn**  
CEO, Engine Carbon Clean

SESSION 2  
13.00 - 14.30

# The Freight Reinvention Zone: Decarbonise & Scale

**13:00 Introduction by Kelly Hobson, SLL Host & Director, Shape Tomorrow**

## Panel

### From Strategy to Impact: Intermodal Pathways to Lower-Carbon Logistics

In this session we will have one panel discussing the step change opportunities available to those fleet managers not yet ready for electrification. to net zero. Hear how initiatives from telematics to intermodal strategies are creating new ways of working towards shared objectives while road mapping a route to net zero.

**13:15**

**Panellists:** John Trenchard, Vice President DP World, Rebecca Hicks, Logistics Development Manager Screwfix, James Watts, MD, Port Express, Bryan Smith, Intermodal Project Manager ex Amazon  
**Moderator:** Kelly Hobson, MD Shape Tomorrow

## Keynote Speaker

### An Introduction to Transaid and Why Partnering with a Global Organisation is Important

Transaid's Chief Executive, Caroline Barber will introduce delegates to the work of Transaid and its road safety and access to healthcare programmes across sub-Saharan Africa, particularly focusing on the history of the organisation and all that it has achieved, as well as how sustainability is at the forefront of all of Transaid's programmes.

**13:45**

**Caroline Barber**  
CEO, Transaid

## Panel

### From Diesel to Decarbonised, Rewriting the Road Freight Playbook

The road to net zero via electrification has begun. Hear from experts how organisations are accessing existing infrastructure, learning how to manage an electrified fleet and what the next decade looks like as more transition to new ways of working.

**13:55**

**Panellists:** Tharsis Teoh, Senior Technical Manager, SFC, Geoff Tomlinson, MD, FSEW, Chris Ashley, Policy Advisor, RHA  
**Moderator:** Kelly Hobson, MD Shape Tomorrow

## Lightning Talk

### Sustainable Ocean Shipping from the Inside Out

Green ocean freight at scale | Fuel innovation & global maritime compliance | Role of book & claim

**14:15**

**Peter Livey**  
Managing Director, HMM

## Keynote Speaker

### Creating a Win-Win Situation

Embedding purpose in corporate growth | Innovation driven by primary consumer data | Reverse logistics creates new opportunities to decarbonise

**14:30**

**Lewe Goldmann**  
Global Operations Director, Cloud Nine
